This information sheet and the enclosed Group Co-ordinator's notes (with a copy of the participants' Terms and Conditions on the reverse), should help you decide whether our Santa Run 2014 is a suitable fund-raising opportunity for your organisation.

Charities and voluntary bodies can take advantage of the fact that the Rotary Club of Roding mounts the Santa Run entirely at their financial risk. They take care of all the organisation and administration. All you need to do is to be willing to take the challenge, pay the registration fee of £10 and find sponsors from family, friends and work colleagues.

You may invite them to enter individually, direct with us, or send us a list of their names and addresses so that we can liaise with them personally. **Registration opens on 1st June 2014** and will close at the end of October. Participants receive a certificate in recognition of taking part.

Every penny of participants' collected sponsorship, (which should be remitted to us), will go to your charity. The registration fee is needed to help us cover the costs of staging the event.

Certified and trained first-aiders will be on duty at all times.

Registration forms are available for downloading from our website, or from me by email santarunrotary@gmail.com

If you would like brochures, an A4 poster, or have any questions, please contact me.

Kind Regards
